Part X, Line 2:

The guidance on accounting for uncertainty in income taxes addresses the
 determination of whether tax benefits claimed or expected to be claimed on
 a tax return should be recorded in the financial statements. Under this
 guidance, the agency may recognize the tax benefit from an uncertain tax
 position only if it is more likely than not that the tax position will be
 sustained on examination by taxing authorities, based on the technical
 merits of the position. Examples of tax positions include the tax exempt
 status of the agency and various positions related to the potential
 sources of unrelated business taxable income (UBTI). The tax benefits
 recognized in the financial statements from such a position are measured
 based on the largest benefit that has a greater than 50% likelihood of
 being realized upon ultimate settlement. There were no unrecognized tax
 benefits identified or recorded as liabilities during the periods covered
 by these financial statements. The Agency files Form 990 in the U.S.
 federal jurisdiction and the state of Illinois.

Report on the Financial Statements

We have audited the accompanying financial statements of Lawrence Hall, which comprise the statements of financial position as of June 30, 2020 and 2019, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lawrence Hall as of June 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements

Note 1. Nature of Activities and Significant Accounting Policies

Nature of activities: Lawrence Hall (the Agency) is a child welfare agency licensed by the Illinois Department of Children and Family Services (DCFS). The Agency provides services to abused, neglected, disadvantaged and educationally handicapped youths and their families in the Chicagoland area (Chicago, Illinois). Major services contracted with DCFS and the City of Chicago include residential, foster care, independent living, and job placement programs and a school for children with behavioral and emotional disabilities. These contracts provide a substantial portion of the Agency's revenue.

The Agency is exempt from income taxes pursuant to Section 501(c)(3) of the Internal Revenue Code and applicable state law.

The Agency follows accounting standards established by the Financial Accounting Standards Board (FASB), as applicable to nonprofit organizations, to ensure consistent reporting of financial condition, results of activities, and cash flows. References to accounting principles generally accepted in the United States of America (U.S. GAAP) in these footnotes are to the FASB Accounting Standards Codification, sometimes referred to as the Codification or ASC.

Basis of presentation: The financial statements have been prepared in accordance with accounting principles applicable to nonprofit agencies.

Net asset accounting: In accordance with the limitations, designations and restrictions placed on the use of resources available to the Agency, the following classifications are utilized according to the nature and purpose of the resources:

Net assets without donor restrictions: Net assets without donor restrictions represent net assets that are not subject to donor-imposed restrictions. Contributions are considered to be available for general use unless specifically restricted by the donor. Net assets without donor restrictions also include certain funds functioning as an endowment which have been designated by the board for investment purposes. Earnings on the funds functioning as an endowment can be used for general operations, once appropriated for expenditure.

Net assets with donor restrictions: Net assets with donor restrictions are assets subject to donor-imposed restrictions. Some of these restrictions may or will be met, either by actions of the Agency and/or the passage of time. When such a restriction is satisfied, the net assets are transferred to net assets without donor restrictions and are reported in the statement of activities as net assets released from restrictions. Other donor restrictions do not terminate but instead require that funds be held in perpetuity, while the income is available for general use. Included in this amount are the Agency's interests in various irrevocable trusts.

Cash and cash equivalents: Cash and cash equivalents consist of highly liquid interest-bearing depository and money market accounts. The Agency considers all highly liquid investments with a maturity of three months or less at date of purchase to be cash equivalents. At times, cash and cash equivalents balances may be in excess of the Federal Deposit Insurance Corporation (FDIC) insurance limit. Management has not experienced any losses and does not believe there is any significant market risk associated with such balances.

Accounts receivable: Accounts receivable primarily consist of amounts due from DCFS and the Chicago Board of Education for program services provided. Accounts receivable are net of an allowance for doubtful accounts of \$89,281 and \$15,000 at June 30, 2020 and 2019, respectively, determined based on historical experience and analysis of specific accounts. Uncollectible accounts are written off in the year they are deemed to be uncollectible.

Notes to Financial Statements

Note 1. Nature of Activities and Significant Accounting Policies (Continued)

Investments: Investments are recorded at fair value. Changes in fair value are recorded as unrealized gains (losses). Contributions of securities from donors are recorded at fair value at the time the gift is made. The Agency records its investment transactions on a trade-date basis. Interest income is recorded on the accrual basis.

Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the fair value of investments will occur in the near term and that such changes could materially affect the financial statements.

Property and equipment: Property and equipment are stated at cost and are being depreciated over their estimated useful lives (ranging from 2 - 40 years) using the straight-line method. Amortization is being provided for leasehold improvements using the straight-line method over the term of the leases.

Other liabilities: Other liabilities at June 30, 2020 include an estimated liability of \$515,000 for various program surpluses, which the funder may require the Agency to return.

Bond issuance costs: Certain costs incurred in connection with the issuance of bonds are capitalized and amortized on a straight-line basis over the life of the bonds.

Functional expenses: Operating expenses directly identifiable with a functional area are charged to that area and, where expenses affect more than one area, they are allocated on the basis of ratios determined by management. Personnel costs are allocated based on estimates of time and effort. Occupancy, utilities and rent are allocated on estimates of square footage usage.

Revenue recognition: Contributions, including unconditional pledges, are recognized in the period the promise is made. Conditional pledges are not recognized until the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at estimated fair value at the date of gift. Pledges receivable are stated at the present value of the expected future cash flows; discounts are amortized to contribution revenue consistent with donor restrictions.

The Agency reports gifts of cash and other assets as net assets with donor restrictions if they are received with donor stipulations limiting the use of the donated assets. When a donor restriction expires, restricted net assets are reclassified as net assets without donor restrictions and are reported in the statements of activities as net assets released from restrictions.

Gifts of property and equipment are reported as net assets without donor restrictions unless donor stipulations specify how the assets are to be used. Gifts of long-lived assets with restrictions specifying how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as net assets with donor restrictions. The Agency reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Government grants and contract agreements are accounted for as conditional promises to give and are recognized as revenue when the barriers have been substantially met. Generally, the barriers are met when qualifying expenses have been incurred or services have been delivered and other grant requirements have been met. The Agency has received conditional commitments, which generally represent unexpended government grants, amounting to approximately \$394,000 which have not been recognized, because the Agency has not yet met the related barriers. These amounts are subject to recognition as the Agency incurs qualifying expenses and performs its duties under the terms of the grant agreements. Any unexpended amounts received in advance are recorded as advances from government agencies.

Notes to Financial Statements

Note 1. Nature of Activities and Significant Accounting Policies (Continued)

Donated materials and services: Donated materials and equipment are reflected as contributions at their estimated values at date of receipt. No amounts have been reflected for donated services because they do not meet the criteria for inclusion in the financial statements. However, a substantial number of volunteers have donated their time to the Agency's program services and its fundraising activities.

Fair value measurements: The provisions of the FASB guidance on fair value measurements defines fair value, establishes a framework for measuring fair value and expands disclosure of fair value measurements. The guidance applies to all assets and liabilities that are measured and reported at fair value.

Use of estimates: In preparing financial statements in conformity with U.S. GAAP, management makes estimates and assumptions affecting the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Income taxes: The guidance on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under this guidance, the Agency may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. Examples of tax positions include the tax-exempt status of the Agency and various positions related to the potential sources of unrelated business taxable income (UBTI). The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. There were no unrecognized tax benefits identified or recorded as liabilities during the periods covered by these financial statements. The Agency files Form 990 in the U.S. federal jurisdiction and the state of Illinois.

Subsequent events: The Agency has evaluated subsequent events for potential recognition and/or disclosure through December 15, 2020, the date the financial statements were issued. Subsequent to year-end, the Agency received a commitment from a third party to purchase their West Peterson Avenue property (business office) at a purchase price of \$620,000. The sale is scheduled to close in February 2021. The business office will relocate to the Agency's main campus on North Francisco Avenue.

Accounting pronouncements adopted: In 2014, the FASB issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers (Topic 606)*, requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The updated standard was adopted by the Agency in fiscal year 2020 but did not have any significant impact on the Agency.

In 2017, the FASB issued ASU 2017-07, *Compensation – Retirement Benefits (Topic 715): Improving the Presentation of Net Periodic Pension Cost and Net Periodic Benefit Cost*. The amendments in this ASU require that the service cost component of net benefit cost be presented on the statement of activities in the same line item(s) as other compensation costs for services rendered during the period. All remaining components of net benefit cost must be reported outside income from operations. This standard was adopted in fiscal year 2020 but did not have a significant impact on the Agency's financial statements.

Note 1. Nature of Activities and Significant Accounting Policies (Continued)

In 2018, the FASB issued ASU 2018-08, *Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. This ASU provides guidance surrounding the categorization of certain transactions as contributions or exchange transactions. It further clarifies when contributions should be deemed conditional. The Agency follows this guidance in accounting for government grants. Adoption of this standard did not have a significant effect on the Agency's financial statements.

Recent accounting pronouncements: In 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. The guidance in this ASU supersedes the leasing guidance in Topic 840, *Leases*. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the statement of financial position for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the statement of activities. The new standard will be effective for the Agency's June 30, 2023 financial statements.

The Agency is currently evaluating the impact of the adoption of the above standards on its financial statements.

Note 2. Pledges Receivable

Pledges receivable consist of gifts from various foundations and individuals payable in the future. As of June 30, 2020 and 2019, all amounts recorded as pledges receivable were due to be collected within the following fiscal year. No reserve for uncollectibility is required for pledges receivable, as management expects the full amount outstanding at June 30, 2020, to be collected.

Note 3. Investments

The Agency has unrestricted and restricted investments which are stated at fair value. Investments at June 30, 2020 and 2019, consisted of:

	June 30, 2020		
	Without Donor Restrictions	With Donor Restrictions	2020 Total
Exchange-traded funds	\$ 2,258,958	\$ 1,982,059	\$ 4,241,017

Notes to Financial Statements

Note 4. Beneficial Interest in Irrevocable Trusts

The Agency is a beneficiary of several trusts maintained by independent trustees. The trusts' assets are to be held in perpetuity. The Agency expects to receive annual distributions of its share of the trusts' annual income. These distributions are recorded in the revenue section of the statements of activities as distributions from beneficial interest in irrevocable trusts. The gifts have been recognized in the financial statements as beneficial interest in irrevocable trusts at the fair market value of the Agency's interests in the trusts, which amounted to \$10,902,990 and \$11,162,173 at June 30, 2020 and 2019, respectively.

The change in value of the beneficial interest in irrevocable trusts is recorded as gain or loss with donor restrictions in the statements of activities. The decrease in value of the beneficial interests in irrevocable trusts totaled \$259,183 and \$353 for fiscal years ended June 30, 2020 and 2019, respectively. The investment income (distributions) from beneficial interests in irrevocable trusts totaled \$480,764 and \$467,241 for fiscal years 2020 and 2019, respectively.

Note 5. Fair Value Measurements

The accounting standard related to fair value measurements defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and sets out a fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Inputs are broadly defined as assumptions market participants would use in pricing an asset or liability. The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Agency has the ability to access at the measurement date. The type of investments included in Level 1 includes listed equities and listed derivatives.

Level 2: Inputs other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs that are unobservable for the asset or liability and include situations where there is little, if any, market activity for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The valuation methods used may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Agency believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at June 30, 2020 and 2019.

Investments

The fair value of money market funds, exchange-traded funds, mutual funds and fixed income securities are based upon market quotations of national security exchanges.

Beneficial interest in irrevocable trusts

Beneficial interest in irrevocable trusts is valued at the proportional share of interest at the closing price reported on the active or observable market on which the trusts' underlying individual securities are traded as reported to the Agency by the trustees.

Note 5. Fair Value Measurements (Continued)

Retirement plan investments

Pooled separate accounts are valued at net asset value (NAV) of shares held by the Agency's defined benefit pension plan at year-end.

For the years ended June 30, 2020 and 2019, there were no transfers between levels of the fair value hierarchy. The following tables set forth by level, within the fair value hierarchy, the Agency's assets and liabilities at fair value as of June 30, 2020 and 2019:

Note 7. Retirement Plans

The Agency maintains a defined benefit pension plan that was frozen in 2005 after which no further benefits or credited service accrued under the plan. Benefits accrued through December 31, 2005, were not affected by the plan freeze. Approximately fifty employees remain covered under the plan. Benefits are based on years of service and the employee's compensation during the last years of employment. The Agency's funding policy is to contribute to the plan the annual actuarially required amounts. The plan's assets are mainly invested in mutual funds.

ASC Topic 715, Compensation – Retirement Benefits, requires the Agency to recognize the funded position of its plan (the difference between the fair value of plan assets and the projected benefit obligation). The Agency recognized a non-operating loss of \$428,765 and \$534,702 for fiscal years 2020 and 2019, respectively, which have been separately reported in the statements of activities as changes in net assets without donor restrictions.

Note 7. Retirement Plans (Continued)

	2020	2019
Weighted-average assumptions used to determine benefit obligations:		
Discount rate	2.51%	3.36%
Weighted-average assumptions used to determine net periodic benefit cost:		
Discount rate	3.36%	4.10%
Expected long-term return on plan assets	5.75%	5.75%

The Agency's expected long-term return on plan assets assumption is based on a periodic review and modeling of the plan's asset allocation and liability structure over a long-term horizon. Expectations of returns for each asset class are the most important of the assumptions used in the review and modeling and are based on comprehensive reviews of historical data and economic/financial market theory. The expected long-term rate of return on assets was selected from within the reasonable range of rates determined by (a) historical real returns, net of inflation, for the asset classes covered by the investment policy and (b) projections of inflation over the long-term period during which benefits are payable to plan participants.

At June 30, 2020 and 2019, plan assets were invested in mutual funds and comprised of approximately 39% (2019 – 39%) debt securities funds (NAV), 51% (2019 – 51%) equity funds (NAV) and 10% (2019 – 10%) in other funds (Level 3). The Agency's target allocation was 34% debt securities, 56% equity securities and 10% in other funds.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued at NAV of shares/units held by the Agency at year-end as determined by Prudential, the plan administrator.

Guaranteed deposit account: Contract value represents all allocations, transfers, contributions, accumulated interest to date, less withdrawals, adjustments for excess withdrawals and administrative expenses, which is then adjusted to fair value by discounting the related cash flows based on interest rates of similar contracts with comparable duration.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Agency believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

For the years ended June 30, 2020 and 2019, there were no transfers between levels of the fair value hierarchy.

Note 7. Retirement Plans (Continued)

As determined by its actuary, the Agency's required contribution to the plan was \$276,562 and \$0 in 2020 and 2019, respectively. There is an expected required contribution of \$343,586 for fiscal 2021.

The Agency's investment policy includes various guidelines and procedures designed to ensure assets are invested in a manner necessary to meet expected future benefits earned by participants. The investment guidelines consider a broad range of economic conditions. Central to the policy are target allocations (shown above) by major asset categories. The objectives of the target allocations are to maintain investment portfolios that diversify risk through prudent asset allocation parameters, achieve asset returns that meet or exceed the plan's actuarial assumptions and achieve asset returns that are competitive with like institutions employing similar investment strategies. The investment policy is periodically reviewed by the Agency. The policy is established and administered in a manner so as to comply at all times with applicable government regulations.

The benefits expected to be paid for the next 10 fiscal years are as follows:

2021	\$	969,650
2022		784,098
2023		753,554
2024		780,823
2025		712,397
2026-2030		3,001,115

In 2006, the Agency instituted a qualified 401(k) plan for its employees. Employees are eligible to contribute to the plan upon employment and anytime thereafter. The Agency provides a matching contribution to employees that have completed one year of service during which the employee has completed 1,000 hours of service. The Agency's required matching contribution is 100% of the employee's first 3% contribution and 50% of the employee's next 2% contribution for a maximum Agency contribution of 4%. Employer contributions for fiscal years 2020 and 2019 were \$218,260 and \$210,579, respectively.

Note 8. Bonds Payable

In August 2014, the Agency issued 24-year tax-exempt bonds through the Illinois Finance Authority (Authority) in the amount of \$12,100,000 and entered into a loan agreement with the Authority for the proceeds of the bond issue. The proceeds were used to refund the Agency's 2006 bonds. The 2014 bonds, which mature November 1, 2038, consist of a \$2,016,667 variable rate tranche, a \$4,033,333 fixed rate tranche at 2.83% and a \$6,050,000 fixed rate tranche at 2.83%. Interest expense paid to bond holders totaled \$279,897 and \$296,157 for fiscal years ended June 30, 2020 and 2019, respectively. The rate structure and amortization schedule for retirement of the bonds is set forth in an agreement between the Agency and Fifth Third Bank (the Bank), which purchased and holds the bonds. This agreement is for a seven-year term that expires in 2021.

Unamortized bond issuance costs of \$107,410 and \$113,183 are net of accumulated amortization of \$31,136 and \$25,363 at June 30, 2020 and 2019, respectively. Amortization expense was \$5,773 and \$5,721 for fiscal years 2020 and 2019, respectively. Costs of \$0 and \$2,500 were capitalized during the years ended June 30, 2020 and 2019, respectively.

Note 8. Bonds Payable (Continued)

Under this agreement, principal payments are scheduled annually in November as follows (by fiscal year):

2021	\$ 406,482
2022	417,169
2023	428,151
2024	439,434
2025	451,026
Thereafter	<u>7,727,832</u>
	9,870,094
Less unamortized bond issuance costs	<u>(107,410)</u>
	<u>\$ 9,762,684</u>

Related loan obligations are collateralized by a first mortgage on the Francisco Avenue property granted to the Bank. Financial covenants associated with this agreement include a Debt Service Coverage Ratio requirement of 1.00 and a Liquidity Ratio requirement of 0.70. At June 30, 2019, the Agency was in violation of the Debt Service Coverage Ratio, for which the Bank provided a waiver to the Agency.

Note 9. PPP Loan

In April 2020, the Agency secured a loan in the amount of \$2,184,277 from Wintrust Bank as part of the Paycheck Protection Program (PPP), a loan program administered through the Small Business Administration (SBA), in conjunction with the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The Agency determined it was eligible for the loan as the COVID-19 pandemic caused financial uncertainty and anticipated decreases in normal cash inflows. The outstanding principal accrues interest at an annual rate of 1%. All outstanding principal is due when the loan matures on April 29, 2022. Under the terms of the loan program, all or a portion of the loan may be forgiven if the Agency uses the proceeds for eligible costs and maintains certain employee and wage rate thresholds; however, the forgivable amount is uncertain at this time, and therefore, no amounts related to loan forgiveness have been recognized in income during fiscal year 2020.

Note 10. Lease Obligations

The Agency occupies space for certain program activities under operating leases with rental commitments through fiscal year 2024. In addition, various equipment operating leases are in effect with rental commitments through fiscal year 2025. Approximate minimum future rental payments required under these leases are as follows:

2021	\$ 151,257
2022	150,536
2023	60,006
2024	50,342

Note 12. Endowment Fund

The Agency's endowment consists of various contributions from donors for the creation of an endowment for general purposes with a specified portion designated for the Therapeutic Day School. The board-designated investments are funds functioning as an endowment fund. The assets are invested in the general investment portfolio of the Agency, and all other accumulations to the endowment are classified as net assets without donor restrictions, absent explicit donor stipulations to the contrary. As required by U.S. GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. There were no principal additions to the endowment fund in 2020 or 2019.

The Agency follows the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as adopted by the State of Illinois. UPMIFA eliminates the historic dollar value rule with respect to endowment fund spending, updates the prudence standard for the management and investment of charitable funds, and amends the provisions governing the release and modification of restrictions on charitable funds. The Agency complies with the provisions of ASC 958, *Endowments of Not-for-Profit Agencies: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act and Enhanced Disclosures for all Endowment Funds*.

Interpretation of Relevant Law

The Board of Trustees of the Agency has interpreted Illinois UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Agency classifies as net assets with donor restrictions required to be maintained in perpetuity (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not required to be maintained in perpetuity is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the Agency in a manner consistent with the standard of prudence prescribed by UPMIFA.

Notes to Financial Statements

Note 12. Endowment Fund (Continued)

Spending Policy

The Agency's policy is to preserve the historical dollar value of contributions to the endowment and to use any of the investment returns as is prudent, taking into consideration the Agency's long- and short-term needs, resources, donor restrictions, expected total return on its investments, and investment policies. The Agency's endowment spending policy provides for the transfer of funds to operations in an amount, subject to annual approval by the Agency's Board of Trustees, ranging from three to five percent of the average fair market value of the investments included in the Endowment Fund for each of the preceding three years ended June 30. In accordance with this policy, during fiscal years 2020 and 2019 the Agency transferred \$0 and \$302,887, respectively.

Funds with Deficiencies

From time-to-time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or Illinois UPMIFA requires the Agency to retain as a fund of perpetual duration. There were no such deficiencies at June 30, 2020 and 2019.

Return Objectives and Risk Parameters

The Investment Committee, which oversees the investment portfolio of the Agency with the assistance of the Agency investment advisor, operates in accordance with an investment policy statement that is intended to provide a predictable stream of income and investment returns. Under the policy guidelines, as approved by the Board of Trustees, the endowment assets are invested in accordance with sound investment practices that emphasize long-term investment fundamentals. In establishing investment objectives, the Board of Trustees, with the assistance of the Investment Committee, has taken into account the time horizon available for investment, the nature of the Agency's cash flow requirements, and other factors that affect the Board of Trustees' and Investment Committee's risk tolerance.

Strategy Employed for Achieving Objectives

Accordingly, the Agency's Investment Committee has recommended, and the Board of Trustees has adopted, an investment objective of long-term growth for the invested assets. The investment guidelines emphasize long-term capital appreciation as a primary source of return, recognize that the assets are exposed to risk and may be subject to fluctuations in market value from year-to-year, expect to earn returns sufficient to grow the purchasing power of assets over the long-term, diversify the invested assets in order to reduce the risk of wide swings in market value from year-to-year, or of incurring large losses that may result from concentrated positions, and achieve investment results over the long-term that compare favorably with those of other endowments and foundations, other professionally managed portfolios, and appropriate market indexes.

Beneficial interests in irrevocable trusts are maintained by independent trustees and do not operate under the return objectives and risk parameters or the strategy employed for achieving endowment objectives and, therefore, are not included in the changes in the following tables.

Note 13. Contingencies

From time-to-time, the Agency is subject to litigation that arises in the ordinary course of conducting activities. In management's opinion, the resolution of litigation matters, if any, would not have a material effect on the financial position of the Agency at June 30, 2020 and 2019.

Notes to Financial Statements

Note 14. Liquidity and Availability

As of June 30, 2020, the following financial assets held by Lawrence Hall could readily be made available within one year of the balance sheet date to meet general expenditures.

	2020	2019
Financial assets at year-end:		
Cash and cash equivalents	\$ 4,372,969	\$ 560,692
Accounts receivable, net	1,126,435	1,444,697
Pledges receivable, net to be received within one year	129,950	292,000
Operating investments, net of funds functioning as an endowment	-	233,645
Expected endowment spending-rate distributions and appropriations	324,000	315,000
Expected distributions from beneficial interests in irrevocable trusts	400,000	400,000
	<u>\$ 6,353,354</u>	<u>\$ 3,246,034</u>

Funds functioning as endowment of \$4,081,550 at June 30, 2020 are subject to annual spending rate (Note 11). Although the Agency does not intend to spend from these board-designated funds functioning as an endowment (other than amounts appropriated for general expenditure as part of the Agency's annual budget approval and appropriation), these amounts could be made available if necessary.

On an annual basis, Lawrence Hall received distributions from its beneficial interest in irrevocable trusts. The amount reflected above represents an estimate of funds to be received in fiscal year 2021, based on historical experience.

In addition to financial assets available to meet general expenditures over the next 12 months, Lawrence Hall operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources.

Note 15. Impact of Coronavirus Pandemic

In March 2020, the World Health Organization declared the coronavirus (Covid-19) outbreak to be a pandemic. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the national and local economies.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Agency. The value of investments and beneficial interests in perpetual trusts were negatively impacted during the fourth quarter of the fiscal year ended June 30, 2020. Operationally, the Agency has not seen a significant drop in programming, but rather a change in the way programming occurs. A major example of this is how the Agency's school for children with behavioral and emotional disabilities does not carry out classes on site but rather follows CPS (Chicago Public Schools) protocols and utilizes remote learning to avoid disease transmission. The Agency's services are especially important in these times as the public deals with financial uncertainty.

The Agency has developed a detailed Covid-19 action plan covering policy for staff and children in utilization of protective gear (PPE), social distancing, testing, and cleaning procedures to help prevent disease transmission.

The Agency has had significant staffing issues arising from Covid-19 due to concerns over directly interfacing with children. In response to this situation, the Agency has instituted monthly "thank-you" payments to staff in direct care positions, and hazard pay for staff in the event that children under their direct care test positive for Covid-19. To date, the Agency has had very few positive cases and has employed quarantine measures recommended by DCFS, consistent with the Agency's action plan.

Notes to Financial Statements

Note 15. Impact of Coronavirus Pandemic (Continued)

In early April 2020, because of the uncertainty surrounding the effects of Covid-19 on the Agency's children, staff and referrals, the Agency obtained a PPP loan through Wintrust Bank. The loan proceeds are reflected on the statement of financial position at June 30, 2020 as a liability, in an amount equivalent to the cash received; no revenue has been recognized during fiscal year 2020 for potential government forgiveness of the loan. The Agency intends to follow the government application for loan forgiveness in fiscal year 2021, ultimately to offset costs directly associated with the Covid-19 pandemic that the Agency incurred during the 24-week period beginning April 2020, including additional payroll costs for Covid-19 pay and other allowable costs which are not covered in the Agency's rate-based contracts with DCFS and other funders.
